

Day Care Centers Located in Loudoun County, Virginia

List Updated: Tuesday, September 30, 2014

Child day centers are child day programs offered in a facility that is not the residence of the provider. A child day program is a regularly operating service arrangement for children where, during the absence of the parent or guardian, a person or organization has agreed to assume responsibility for the supervision, protection and well-being of a child. The facilities listed below are referrals only. Their listing here is not a recommendation or endorsement. It is the responsibility of each parent or guardian to select and monitor a child day center and to determine the quality of that facility. For additional information contact the department of licensing at (703) 934-1505 or www.dss.virginia.gov and select children.

State Licensed Facilities:

The State licensed facilities list includes Centers which have met licensing requirements for child care in the Commonwealth of Virginia. The Virginia Department of Social Services enforces these standards by inspecting Centers at least twice a year and investigating complaints.

Religiously Exempt Facilities:

Child day centers operated by religiously exempt facilities may be exempt from State licensure. However, facilities seeking religious exemption must submit annual paperwork to meet health and safety requirements to the State licensing office. The Virginia Department of Social Services, Division of Licensing, may send inspectors to these facilities only to confirm that they are in compliance with code requirement and to investigate complaints.
